SYNCHROS S700

Premium powered over-ear stereo headphone

A new era in sound.

A new movement is underway. One where the use of real materials is as important as authentic sound. The JBL Synchros S700 headphone is built for those who know future when they see it: precision crafted from lightweight die cast aluminum, woven cordura, steel, and appointed with leather ear cushions, the S700 feels as luxurious as it looks. Modeled after famous JBL professional audio systems, these headphones deliver powerful audio with show stopping clarity, and original JBL PureBass performance. Enhanced by proprietary LiveStage™ signal processing, these advanced technologies give you the purest of listening experiences. Nothing in the world looks, feels, or sounds this new.
